

BC WOMEN'S HOSPITAL RESEARCH ROUNDS

SPEAKER

Dr. Andrea Atkinson
Clinical Fellow,
Reproductive Infectious
Diseases UBC

DATE

June 17th, 2022
8:00 - 9:00 AM

LOCATION

Virtual rounds

The BC Women's Research Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada"

@WomensResearch | www.whri.org

Utilising antenatal sera to map COVID-19 prevalence across Canada: the journey of the Antenatal Serostudies project

LEARNING OBJECTIVES

- Describe the purpose and utility of using antenatal serum for assessing seroprevalence of a disease
- Identify the limitations of PCR positive versus seroprevalence for public health monitoring of COVID-19 in Canada
- Understand the results of national COVID-19 seroprevalence data and potential future applications
