

Date of request:
Principal Investigator:
PI email address:
Research Ethics Board Number (if applicable):
WHRI membership type: Full, Associate, Affiliate Member, Trainee:
Requestor name (if different from PI):
Requestor email address:
Requestor role: Trainee, Research Staff, Co-investigator:
Priority (indicate high only upon PI's approval, based on the latest submission date):
Study Name (as per proposal):
Project funded (Yes/No):
Funding Agency (e.g. CIHR, UBC, PHSA, other):
Type of request: Request for statistical support, Proposal, Review
For proposal request please indicate if sample size calculation is needed: (Yes/No)

Description of the project (all fields are mandatory):

Statistical analysis:
Methods development for research proposal/ethics submission (Yes/No):
Review of methods/analysis/data presentation and visualization (Yes/No):
Variables:
Main outcome (dependent variable) measure definition:
Variables of interest (main exposure, independent variable):

Preliminary analyses if applicable:
Descriptive Statistics if applicable:
Primary (main statistical analyses) if applicable:
Sub-analyses if applicable:
Statistical Analysis Plan (brief) to be filled by WHRI Senior Statistician (can be used as part of the methods section for the publication):

Statistical analysis:

Methods development for research proposal/ethics submission (Yes/No): (please include below all information relevant for your future proposal)
Review of methods/analysis/data presentation and visualization (Yes/No):
Variables:
<i>Main outcome (dependent variable) measure definition:</i>
<i>Variables of interest (main exposure, independent variable):</i>
